

CAPABILITY STATEMENT

ABOUT US:

- Founded in 1996
- Government and Military Roofing Specialists
- BBB A+ Rating & TORCH Award Recipient
- Fully Insured & Bonded

For 28 years, Adam Quenneville Roofing & Siding, Inc. (AQRS) has provided professional grade contracting services to thousands of customers in New England.

In 2017 AQRS announced the start-up of their “**Base-Ops**” Division which is entirely focused on DOD/Military base projects. With a SAFETY-FIRST commitment, the BaseOps division has excelled at delivering multi-million-dollar roofing projects. Our keen understanding of the critical nuances associated with insurance, payroll compliance, subcontractor management, supply chain, line-of-sight operational controls – and most importantly, strict compliance with all safety requirements – are all major contributing factors to how we provide a safe, successful, and stress-free project life cycle for the owner.

STAFF CERTIFICATIONS:

All members of our team are certified to the following safety standards:

- OSHA 30
- First Aid – levels 1 & 2
- Blood-Borne Pathogens
- Automated External Defibrillators (AED)
- LendLease GMR and Leadership Training

Our field operations supervisors are certified in:

- Aerial Man-Lifts
- Forklifts/Lull
- Fall Protection

AQRS field supervisors are required to take a hands-on approach to subcontractor management - a key contributor to our operational success. They each possess the experience and leadership qualities required to manage a large workforce, while ensuring strict and constant compliance with documented safety requirements and installation guidelines. They are empowered with the skill and authority to immediately respond to any event that arises. Our clients will attest to our “*presence*” in the field – and how crucial it is to a safe and efficient worksite.

TESTIMONIALS:

“The 4.2M project was completed on time and under budget. AQRS provided constant communication with North Point, the Association Board, and the Owners. In short, this project was an overwhelming success. We provide our highest recommendation for AQRS.” - Tim Arel, President (CMCA, AMS, PCAM) North Point Property Management

“AQRS demonstrated their ability to provide a safe multimillion-dollar worksite on a consistent basis. With thousands of man-hours across multiple locations, LendLease audits have never revealed findings causing pause in our willingness to continue working with them. I highly recommend AQRS.” - John D. Wilson, Sr. EHS Manager & Wade Golden, Sr. Construction Manager, Design Build, Lendlease, Fort Hood, TX. DOD Construction

“AQRS is a great company. The roof at Jackson Gore Inn at Okemo Mountain Resort in Ludlow, Vermont was a huge project, and they did an awesome job. It was a clean and neat operation from start to finish. We require a higher level of safety. The company staff, safety coordinator and supervisors all had safety meetings daily, equipment and harness inspections, and the job was a ‘high visibility job,’ meaning all eyes watching their progress. They were thorough, clean, efficient, and above all – safe!” - Richard Alexander, Facilities Manager, Jackson Gore Inn, Okemo Mountain Resort, Vail Resorts Property
